

HP LaserJet 9055mfp/9065mfp

HP now offers two high-volume LaserJet multifunction products with print and copy document production capabilities, industry-leading network printing compatibility, and reliable cost-effective solutions designed specifically for your business needs.

These multifunction products are ideal for demanding general office users in large and enterprise business who require high-volume print, copy, scan and finishing capabilities at fast speeds, with high-quality output and low cost per page.

Improve productivity with uncompromising performance and fast, high-quality document production.

- See productivity increase with fast printing, copying, and scanning at 55 ppm* or 65ppm**.
- Get quick results with no wait and a first copy out in just 3.1 seconds.
- HP LaserJet quality is guaranteed with polymerised toner technology and 600 x 600 dpi resolution.
- Versatile paper handling options include four input trays: a 100-sheet tray, two 500-sheet trays and a 1500-sheet tray plus an optional 4000-sheet input tray.
- Advanced finishing includes stapling, hole punching and booklet-making.

A flexible, business-tailored solution designed to cut costs and increase your return on investment.

- Improve productivity with high-speed scanning and digital sending enabling document distribution to network folders, FTP, OCR applications and document management systems.
- Choose from simple purchase, pay-per-use service options or acquisition packages that include installation, training, service maintenance, equipment, staff and supplies.
- HP's solution portfolio spans system printing in IBM Mainframe and SAP/ERP environments to Secure Printing solutions, Barcodes, E-forms and Job Accounting.

Save time and create an efficient printing environment with HP's advanced network management tools.

- Enjoy simple network printing installation, driver distribution and remote management with HP Web Jetadmin enabling you to discover all your print assets, and monitor their performance.
- The Embedded Web Server (EWS) helps you save time and money: you can diagnose problems, remotely configure devices, set proactive e-mail alerts and automate supplies ordering through your Web browser.
- Take advantage of high-performance 10/100Base-T network connectivity with a fast HP Jetdirect 615n print server.
